

SUPPLEMENTAL APPLICATION REQUEST FOR RECONSIDERATION

Under section 60851 of title 2 of the California Code of Regulations, if the Bureau of State Audits or the Applicant Review Panel decides to exclude or remove an applicant from the pool of applicants being considered for selection to the Citizens Redistricting Commission, the applicant may request reconsideration of the decision if the decision was the result of an error relating to:

- Having a conflict of interest;
- Failing to satisfy the eligibility requirements for serving on the commission; or
- Failing to comply with the procedural requirements of the application process.

To request reconsideration of the decision to exclude or remove you from the applicant pool because the decision was based on an error, as described above, please provide the following information and submit it to the Bureau of State Audits by e-mail, facsimile, or delivery to the address stated at the bottom of this form. This form must be received by the bureau no later than 10 days after the date of the notification that you were excluded or removed from the applicant pool.

Name: James Varnadore

Date of the notice of exclusion or removal: E-mail dated April 29, 2010 10:48PM PDT

Description of the error that caused the exclusion or removal (if the error involves a particular question on an application, identify the question in describing the error): Apparently there is an electronic problem in the circuitry at the receiving servers in Sacramento that has upset submissions of about 200 applications, including mine.

Description of the correct facts establishing that you should not have been excluded or removed (if the error involves a particular question on an application, state the correct answer to the question as it should have been entered): Because there is an electronic problem in the receiving server, my Supplemental Application was properly sent from my computer but not received in Sacramento. The problem lies in the server, not in any mistake or error on my part. I believe my application should be considered on its merits.

Description of any evidence or other information that supports the facts as you now state them: When I was notified that my Supplemental Application had not been received, I immediately reported to the agency that I had in fact sent my application, and that there must have been some error at the agency. The agency subsequently affirmed that there might be a problem in its server and invited me to request reconsideration.

If this request is being submitted more than 10 days after you were sent notice that were excluded or removed from the applicant pool, an explanation for why this request is being submitted late: This request is being sent within the 10-day time requirement.

I affirm, by signing or typing my name below, that the statements contained in this Request For Reconsideration are true and correct to the best of my knowledge.
